**PART SUMMARY**

Sonnax 56528M & 56528-01 intermediate/overdrive servo piston and rod assemblies are direct OEM replacements. The bonded rubber piston seals will prevent leakage between the piston OD and the servo cover and case bores. Applications in which these piston and rod assemblies are used are the A4LD, 4R44E, 4R55E, 5R44E, 5R5N and 5R55E transmissions.
