

## Chrysler RWD Primary Governor Valve

### 12802-01

#### 1 Governor Valve

**Note:** If used to replace OEM steel valves, early upshifts may occur.

#### Instructions:

1. Disassemble governor assembly.
2. Inspect primary valve and bore.
3. Install the shaft with the e-clip on one end through the Sonnax primary governor valve into the governor body.
4. Install the OE weights on opposite side of the governor body.
5. Install e-clip.
