

Impeller Hub Bushing

Part No.

FD-B-10

Standard quantity: 20/bag

Application

Ford CFT30, CVT

(Dacco F-73, Transtar FM3301)

Ford CFT30, CVT

This clinched seam bushing **FD-B-10** for the Ford CFT30, CVT unit is an upgrade to the standard OEM butt-end style bushing. The Sonnax bushing is constructed of leaded-bronze alloy with a steel backing for high load capacity.

Features & Benefits

- For 1.969" (50.00mm) impeller hub housing bore
- 1.775" (45.10mm) bushing I.D.
