## SU-HT-3HS

*Turbine Hub*

**Sold in prepackaged quantities of 1 unit**

Please refer to our

**TORQUE CONVERTER PARTS CATALOG VOLUME 6**

**SU-HT-3HS** is:

Item Number 14 of Reference Figure 11.01 on page 256.

Sonnax now offers this turbine hub for the Subaru R4AX-EL converter. This turbine hub has a 23-tooth internal spline that has been induction-hardened for better wear resistance. Note that our catalog incorrectly references a 22-tooth internal spline under the description.
