

## Impeller Hub

### Part No.

**FD-90-64G**

Prepackaged Quantity: 1 Unit

### Application

Ford 4F50N (AX4N)

### Associated Parts

- **FD-90-61G** Impeller Hub, Small Flange
- **FD-B-2** Precision Bushing
- **FD-B-2X** Unfinished Bushing
- **FD-WA-10** Bearing Adapter (CH-N-1)

### Catalog Reference

Item number 3 for Ford 4F50N on page 82 in the Sonnax Torque Converter Vol. 6 catalog. See also our online catalog.

## Ford 4F50N (AX4N)

The **FD-90-64G** is a larger flanged impeller hub for Ford 4F50N torque converters. This hub is hardened to OEM specifications for strength and durability. The larger flange provides less distortion to the journal diameter during the welding process.

### Features & Benefits

- 3.100" (78.70mm) Flange size
- 2.000" (50.80mm) Journal diameter
- 1.405" (35.69mm) Assembled length
- 1.560" (39.62mm) Overall length
