TORQUE CONVERTER PARTS CATALOG VOLUME 6 & ONLINE CATALOG AT WWW.SONNAX.COM

GM-90-61G is:

Item Number 2 for GM 300mm LU (4L60-E) on page 22.

Sonnax now offers the **GM-90-61G** flanged impeller hub for GM 300mm LU (4L60-E) converters. If using the thicker and more durable **GM-N-20** impeller side bearing in place of the OEM bearing **GM-N-18**, the thickness difference can be adjusted by machining material off the stator bearing surface.
