

B1 Apply Control Plunger Kit

27741-04K

1 Plunger Valve
1 Plunger Sleeve

Installation

1. Remove and discard OEM sleeve and plunger valve.
2. Insert Sonnax valve and sleeve assembly as shown in photo, reusing the OEM retainer

Final Verification

Perform a Wet Air Test or Vacuum Test in the location shown. If performing a WAT, no leakage should occur at the port shown. A vacuum test must hold a minimum of 18".
