

Features & Benefits:

- Direct OEM replacement
- Quality splines
- Lower cost alternative than OEM

Part No.

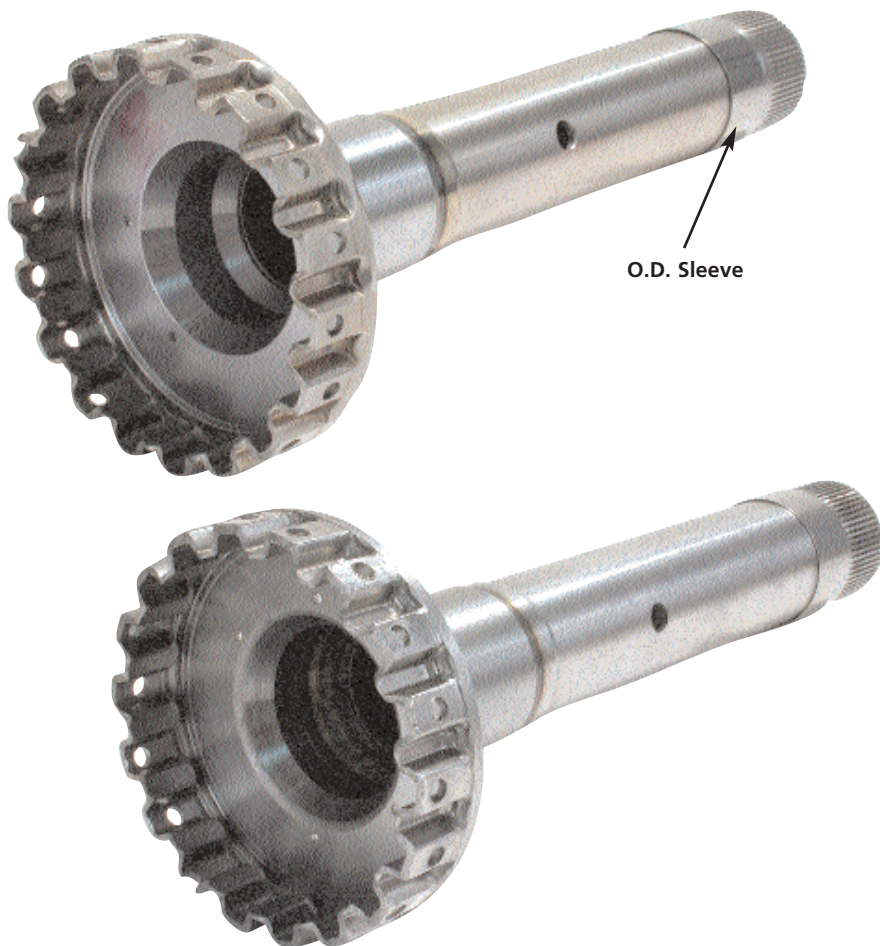

84860A

1 Early style, with O.D. sleeve and with I.D. bearing 4th clutch hub up to 1995

Part No.

84860B

1 Late style, with O.D. sleeve and without I.D. bearing 4th clutch hub 1996 & up

PART SUMMARY

The OEM 4th clutch hub and shaft splines wear from extended use. Sonnax now offers two replacement hubs: the **84860A** for up to 1995 vehicles and the **84860B** for 1996 and up vehicles.

INSTALLATION INSTRUCTIONS:

After removing the old hub replace with the Sonnax **84860A** or **84860B** Replacement Hub.
