TORQUE CONVERTER PARTS CATALOG VOLUME 6 & ONLINE CATALOG AT WWW.SONNAX.COM

TO-N-9K is:

Not currently catalogued and should be added to the Toyota section starting on page 261 and the Bearing and Race Details page 376.

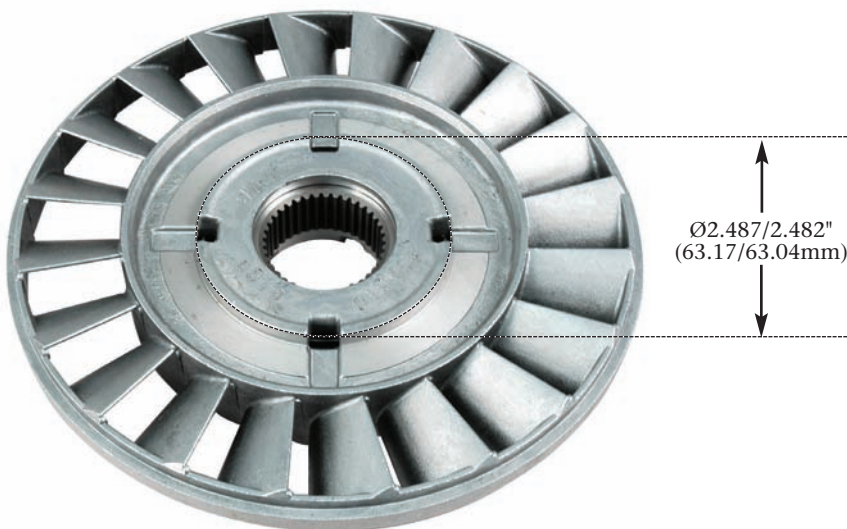

Sonnax now offers **TO-N-9K**, a bearing replacement kit, that replaces the partially enclosed OEM thrust bearing and 4-tanged bearing race in Aisin Warner 55-50SN converters. It goes between the stator and impeller hub. This product requires modification of the stator to accept the 4-tang steel spacer.

INSTALLATION INSTRUCTIONS

For application Aisin Warner 55-50SN.

Machining of impeller side stator pilot outside diameter is required.

Turn pilot outside diameter to Ø2.487/2.482" (63.17/63.04mm) so that the 4-tang steel spacer can be fitted to the stator.
