TORQUE CONVERTER PARTS CATALOG VOLUME 6 & ONLINE CATALOG AT WWW.SONNAX.COM

AL-HT-2HS is:

Item Number 13.1 for Allison 1000/2000/2400 series on page 40.

Sonnax now offers turbine hub **AL-HT-2HS** for use when converting early units to accept late-style bearings **AL-N-2**. Use of this item eliminates the need to modify either the Sonnax **AL-HT-1HS** or the OEM turbine hub. Stator modification is still required for the conversion.

Note: AL-HT-2HS is interchangeable with, and will eventually replace, the previous modified version **AL-HT-1HSM**.
