

Features & Benefits:

- Direct OEM replacement for the 4L60 & E
- Upgraded replacement for the 5L40-E
- Teflon®-coated:
 - Promotes oil film retention
 - Improves cold start-up

Part No.

77005T

1 Pump Bushing

PART SUMMARY

Sonnax now offers a direct replacement for the OEM 4L60 & E pump bushing and an upgraded bushing for the 5L40-E. The bushing is Teflon®-coated, like the OEM, to improve cold start-up by retaining oil and reducing friction on start-up.
