RE-CP-2K

Clutch Plate & Rivet Kit

Prepackaged Quantity: 1 Unit

Sonnax now offers a new Clutch Plate and Rivet Kit, **RE-CP-2K**, with Carbon/Kevlar® friction rings **440620CK** bonded to each side of the clutch plate for Renault DPO/Peugeot Citroen AL4 converters. OEM grooved friction rings are prone to flaking and tearing. The new Raybestos® Carbon/Kevlar® friction material has been tested and approved for replacing grooved OEM frictions rings in these units.
