TORQUE CONVERTER PARTS CATALOG VOLUME 6 & ONLINE CATALOG AT WWW.SONNAX.COM

FS-O-2V, FS-O-27V & FS-N-4:

Can all be referenced in the Fichtel & Sachs section of the catalog.

Sonnax now offers **FS-O-2V** o-ring, **FS-O-27V** radial lip seal and **FS-N-4** thrust bearing for the Fichtel & Sachs ZF6HP26 and other applications listed above. Caution should be taken when using the **FS-O-27V** radial lip seal to be sure it is installed in the correct direction. The OEM part has a flange to prevent incorrect installation. The Sonnax part does not have the flange.
