

Converter Code Calamities

Do you have that 4L60-E back again for harsh 1-2 or Code 1870 complaints? Or maybe it is a Chrysler mini-van back with repeat planetary failure. Whatever the converter related failure, Sonnax will most likely have a solution. Rather than spend hours rummaging through your core pile or spending hundreds on a new valve body we have the cost effective solution that will fix the problem the first time. Reference this list to find a quality engineered TCC solution for your application and to get your customer happily back on the road.

App./Part #	Description	Helps Cure
4T40-E		
33000-02*	TCC Regulator Apply Valve Kit	
4T60 & E		
84754-16K*	TCC Apply Valve, Oversized with Teflon® Seal ('91-'96)	Codes 1870, 740, 039
84754-22K	TCC Apply Valve, Standard with Teflon® Seal ('93-'96)	Converter shudder
84754-01K	TCC Regulator & Isolator Valve Kit ('93 & Up)	Blued or burnt converters
84754-08K*	TCC Regulator & Isolator Valve ('91 & '92)	Falling out of lock up "hot"
84754-97K*	TCC Apply Valve Kit, Aluminum, Oversized ('97 & Up)	
84754-98K	TCC Apply Valve Kit OEM Aluminum, Standard ('97 & Up)	
4T65-E		
84754-34K*	TCC Regulated Apply Valve Kit	
84754-43K	TCC Control Valve Kit	TCC Slip, Code 1870
4L60 & E (PWM and NON-PWM)		
77805-K	TCC Apply Valve, Steel with Teflon® Seal	
77805E-K	TCC Apply Valve, Aluminum with Teflon® Seal	
77754-03K*	TCC Regulator Valve Kit '92-'97 Units (Includes Non-PWM)	
77754-04K*	TCC Regulator Valve Kit '97 and Up EC® Units	
77754-ISO*	Isolator Valve Sleeve Repair	Codes 1870, 740, 039, 68,
77754-09K*	Actuator Feed Limit Valve Kit	Harsh 1-2, Converter shutter,
		Falling out of lock up hot
		Blued or burnt converters
4L80-E		
34994-01K	TCC Regulator Valve Kit	
34200-16K*	Actuator Feed Limit Valve Kit	
E40D		
36424-04K	Line-to-Lube Pressure Regulator Valve	
4R100		
36424-08K	TCC Control Sleeve Assembly	
AX0D		
96201-06K	Bypass Clutch Control Sleeve & Plunger Valve	
AX0DE, AX4S		
96206-01K	Bypass TCC Control Valve & Sleeve Kit	Codes 62, 628, 1741, 1744,
		converter shudder and over-
		heat, Improved converter apply
		pressure
AX4N		
96206-03K	Bypass Clutch Control Sleeve & Plunger Kit	
A0DE, 4R70W		
76948-04K	Bypass Clutch Control Sleeve & Plunger Valve	
CD4E		
73840-BK*	Bypass Kit, Bypass Valve and Bypass Sleeve and Plunger	
41TE, 42LE		
92835-03K	Converter Regulator Valve Kit	Converter lining failure, con-
92836-01K	Bypass Plug	verter shudder, unit overheat,
92835-07	Pressure Regulator Sleeve	high line pressure, Poor lube
		control
42/46/47RH/RE		
22771A-01	4 Spool Switch Valve	
VW 01M, 01N, 01P, 099		
119940-01K	TCC Boost Valve Kit	Engine stall during stop or on N
		to D engagement

* These parts require reamers.
