FD-WS-31 is:

Item Number 21 for AX4N (4F50N) on page 82, Item Number 19 for AX4S/N on page 84, and Item Number 17 for AXOD & E on page 86.

Sonnax now offers **FD-WS-31**, an improved version of **FD-WS-12** with a longer spline engagement for Ford AX4S/N, 4F50N, and AXOD & E torque converters. The 30% longer spline and hardness will reduce wear on both the washer and the mating pump shaft.
