

Oversized Converter Regulator Valve Kit

96201-23K

- 1 Oversized Converter Regulator Valve
- 1 Inner Valve Body Clip
- 1 White Spring (2-Spool OEM Application)
- 1 Black Spring (4-Spool OEM Application)

96201-TL3

- 2 Reamers

F-96201-TL23

- 1 Reamer Jig
- 1 Reamer
- 1 Guide Pin

Also Available:

96201-21K

- 1 Oversized Solenoid Regulator Valve
- 1 Spring
- 1 Inner Valve Body Clip

96201-TL2

- 2 Reamers

AXODE Valve Body

Wet Air Test

AXODE, AX4S, AX4N/4F50N 2- & 4-spoiled versions:

Place a small amount of oil into the balance port (when you test on AX4N or 4F50N you must plug the opposite side) and follow with low air pressure. There should be little/no leakage past the spool and out the inboard exhaust port or regulated line port.

AXODE, AX4S, & 4-spoiled AX4N/4F50N ONLY

(can't do on 2-spoiled AX4N/4F50N):

Place a small amount of oil into the outboard exhaust port and plug the bore opening securely with thumb. Follow with low air pressure. There should be little/no leakage past the spool and out the outboard regulated line port.

Shown here is the Sonnax WAT Plate covering the exhaust port on an AX4N or 4F50N valve body.
