

TORQUE CONVERTER PARTS

AL-90-3G

IMPELLER HUB/BEARING ADAPTER

Application:

- Allison 1000/2000/2400 Series
Early 2006 & Earlier

Details:

- Adapts late-model impeller side bearing **AL-N-1** to earlier applications
- Eliminates need to machine OEM impeller hub
- Manufactured from forged steel alloy
- Super-hard surface band minimizes wear

Associated Parts:

- **AL-N-1**, Enclosed Bearing
- **AL-WA-2**, Stator Cap/Bearing Adapter
- **AL-N-2**, Enclosed Bearing, turbine side
- **AL-WS-1**, Spacer/Washer, turbine side
- **AL-90-2G**, Super-Hard Impeller Hub
- **AL-90-1G**, Standard Impeller Hub

Part No.

AL-90-3G

Impeller Hub/Bearing Adapter

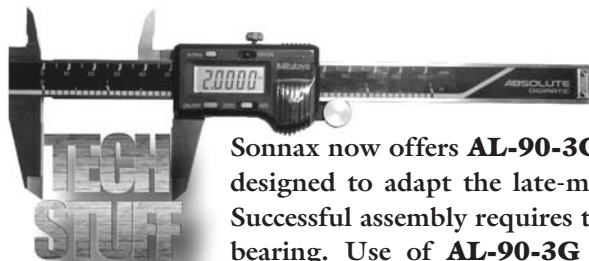

Sold in prepackaged quantities of 1 unit

AL-90-3G is:

Item Number 2 for Allison 1000/2000/2400 Series on page 40.

Sonnax now offers **AL-90-3G**, a hardened steel impeller hub/bearing adapter. The **AL-90-3G** is designed to adapt the late-model impeller bearing **AL-N-1** for use in early-model applications. Successful assembly requires the use of both **AL-WA-2**, stator cap/bearing adapter, and **AL-N-1**, bearing. Use of **AL-90-3G** eliminates the need to modify the standard impeller hub when adapting late-style bearings to early manufactured units. The journal diameter incorporates a super-hard surface band for increased durability.
