

## COMPLAINT

SECONDARY COMPLAINT

### Driveline noise, backlash

- Reduced differential bearing life

## CAUSE

Excessive endplay.

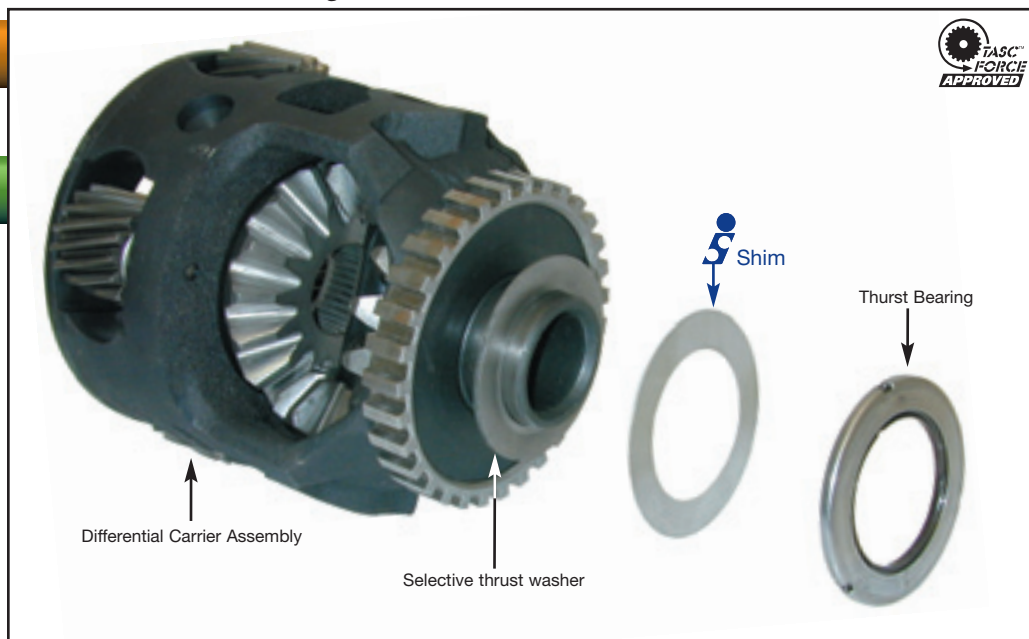

## CORRECTION

This Sonnax differential carrier-to-case shim is used in conjunction with OEM shims to accurately adjust differential endplay and improve planetary life.

### Differential Carrier-to-Case Shim

**75410-10**

10 Shims

### Sonnax Part Summary

Sonnax has designed a .010" thick shim 75410-10 which allows for a faster, yet more accurate lower unit differential endplay adjustment.
